

PENINSULA TOWNSHIP
ZONING ORDINANCE COMMITTEE
JANUARY 9, 2018

Present: L. Serocki, M. Peters, A. Couture
Also present: N. Heller, B. VanDenBrand, G. Hayward

Meeting called to order: 4:00 PM

Peters stated two questions to answer during meeting. 1) How do we roll this out to Planning Commission? 2) How do we attack the third draft?

VanDenBrand wants to ensure that McKenna has incorporated the changes requested and that the committee evaluate McKenna's comments. Need a list on any changes that have occurred at committee or Planning Commission that would not have been included in third draft.

Discussed formatting issues: too many pages, size of font, Article 7 format, etc. Decided that will be done after review. Number of pages should not be an issue.

Plan developed to introduce Articles to Planning Commission after review at the committee level. Review at PC will occur as amended Articles are available. Extra Planning Commission meetings may be required. Goal is to move third draft through Committee and Planning Commission as quickly and seamlessly as possible. Will be important that PC review documents and bring comments/questions to meeting.

Will review Sections 13 and Section 12 for discussion on January 10th.

Discussion regarding attorney review of Zoning Ordinance..

Meeting adjourned 5:05 PM
