

BOWERS HARBOR PARK EXPANSION COMMITTEE

Committee Meeting – Site Visit

October 20, 2016

Site Visit at Bowers Harbor Park

The site visit began at 9:35 a.m.

Present: Shipman, Herman, Foote, Swift, Snow

Excused: Rosi, Havenga

The committee and members of the public discussed options for preventing vehicle traffic and for welcoming park users to use the site appropriately. A list of proposed baseline improvements was further developed. The group walked from the western two-track off of Devil's Dive Road toward the southeast corner of the property along the south boundary. We then walked part-way along the eastern two-track and part of the group walked into the wet area of the forest to better understand possible walking path options. Recommendations for path routing were incorporated into the map refinement. The group then returned back to the starting point.

The committee agreed on the list of proposed baseline improvements for implementation prior to snowfall, subject to Park Commission approval. Shipman to develop estimated prices for recommendations and make request to Park Commission at next meeting.

The site visit walk ended at 10:45 a.m.

Respectfully Submitted,

Susie Shipman,
Peninsula Township Park Commission

These minutes stand to be approved at the next meeting of the BHP Expansion Committee.
