Meeting Notes

Present: Isaiah Wunsch, Donna Hornberger, Susie Shipman
Also present: R. Mielnik, C. Deeren, N. Heller, C. Peterson, Kristy McClellan, Sara Keever, Dave Edmondson, Linda Stegenga

Began: 3:10 PM

This meeting addressed the proposed Amendment to Special Use Permit #32 (SUP #32) which was an agenda item at the Planning Commission Meeting on 10/2/18. This discussion included exploring other regulatory options better aligned to the structure of the code, such as applying for a Winery-Chateau Special Use (as opposed to amending SUP#32). The pros and cons of this option was discussed by Planning Commission Members and by representatives of Bowers Harbor Vineyards. It was noted that some variances may be necessary with this option, along with the steps necessary for Special Use Approval. Representatives of Bowers Harbor indicated interest in this option as it could eliminate some constraints and difficulties associated with a potential SUP amendment. There was agreement to consider this option more fully and resume conversations in the near term.
