Good morning Jennifer,

I would like to voice my support for approval of PUD #123 Amendment #3. I will unfortunately not be able to be at the public hearing on May 10th, but please accept my written acknowledgement of support for this amendment.

Thank you very much.

Subject: Farmland Preservation Plan

Rob and Rebecca -

As a 22-year property owner on E. Shore Rd. close to Mari Vineyard property, I have seen first-hand the growth of commercially-oriented operations on agriculturally zoned property. Based on the Township's master plan and zoning, that was something I did not expect to see. But each year, the roads become more clogged, and noise more invasive due to the commercial, non-agricultural aspects of the wineries' businesses.

Because of these impacts, I ask the Township Board to oppose in every way it can the further expansion of commercial operations sought by Mari Vineyard and other wineries (WOMP). I enthusiastically support the Township's efforts in this regard, including through its master plan, zoning, and the work of the Citizen Agricultural Advisory Committee. Thanks very much for your efforts to-date.
