Project Specifications and Conditions

Peninsula Township was the leader in creating contracts with land owners who desired to place conservation easements on their land. Beginning in the early 1990s, Peninsula Township has created over 50 plus Contracts with land owners under the Purchase of Development Rights (PDR) Program. This highly-successful program has resulted in the protection of over 4,000 acres of land in the Township from uncontrolled development.

The Township requires that each PDR Contract be reviewed annually to ensure that the terms and conditions of the PDR Contract are being adhered to by the land owner. This annual review also enables the Township to prepare reports as required by state government.

The Township Board is requesting bids for annual PDR monitoring in conformity with the Land Trust Alliance Standards issued in 1989 and revised 2017. **This shall be for monitoring for 2019.**

The selected company will have responsibility to identify the “best practice” method to ensure that each property is evaluated for compliance with the Contract, and to determine the “best” method of reporting the results, and any required corrective actions, to the Township Board. The monitoring shall be in conformity with the Land Trust Alliance Standards and Practices Handbook, issued in 1989 and revised in 2017, which is attached as Exhibit A.

The selected company will have access to the monitoring reports completed by Township Staff for all PDR Contracts for properties located in Peninsula Township.

Other conditions:

1. The company must be properly insured and/or bonded, including worker’s comp.
2. The company must have at least five (5) years of experience with PDR Programs.
3. The company is responsible for creating a process for the monitoring.
4. The company will have full access to all PDR Contracts and records.
5. The contract shall be for 2019 with the potential for annual renewals.
6. The company shall provide references such as other townships or cities for which it is or has performed like services.

7. The company must advise Peninsula Township of any conflicts of interest if selected to conduct the work. Conflicts would include any personal and business relationships with Township employees and elected officials, including Trustees. The company must provide a “no-conflicts” statement.
8. The company’s price shall be stated on the basis of a “fixed price for project work” including any expenses. An hourly rate may be stated, if the work company prefers to quote the project on a “not to exceed” basis.
9. The company agrees that Peninsula Township retains sole ownership of the PDR Contracts, property information, analysis and findings, and recommendations.
10. The company must agree that all information is confidential and must agree that it will not release any information about the project work without the prior written approval of Peninsula Township.
11. Questions regarding the bidding process shall be directed only to Peninsula Township Clerk Becky Chown at 231-223-7321 or clerk@peninsulatownship.com
12. Questions regarding PDR Contracts technical details shall be directed to Christina Deeren (231-223-7318) or Sally Ackerley (231-223-7313)
13. Once the successful bidder is selected, a contract will be drafted for execution by the selected bidder.
