Please schedule my appearance before the ZBA , regarding Kroupa Rd. parcel on 3/21/2023. It is difficult to secure specialized soils and structure studies as quickly as initially expected. Thank you, John Ansted

John,

At the last ZBA meeting the board tabled your variance request No. 903 until November 15th.

Please let me know a date that you think you will be ready to present information to the ZBA as I will have them table to that date certain to follow procedure.

You have the following dates to choose from:

November 15, 2022

December 20, 2022

January 17, 2023

February 21, 2023

March 21, 2023

No other dates have been officially adopted by the Township Board so I can not offer any dates at this time after March 21, 2023.

Please let me know a date that will work best for you so that I may add you to the agenda.
