ZONING ORDINANCE AMENDMENT
ORDINANCE NO. _____

At a meeting of the Township Board of the Township of Peninsula, Grand Traverse County Michigan, held at the Township Hall on _____, 2026 at _____ p.m., Township Board Member _____ moved to adopt the following ordinance, which motion was seconded by Township Board Member _____.

An Ordinance to amend the Peninsula Township Zoning Ordinance to provide for the docks, boat hoists, and related structures along the shoreline of Grand Traverse Bay, as well as the amendment to the intent and purpose of the Great Lakes Shoreland Regulations, and the amendment to the regulations of Shared Waterfront Ownership.

PENINSULA TOWNSHIP, GRAND TRAVERSE COUNTY, MICHIGAN ORDAINS:

SECTION 1. FINDINGS. The Township of Peninsula (“Township”) finds that:

- a. The Township is currently completing a review of its Zoning Ordinance (“Zoning Ordinance”); the efforts to amend existing regulations to address current and evolving aspects of land use and development include the uses and definitions relating to the land and shoreline bordering Grand Traverse Bay. The Zoning Ordinance intends to exercise the Township’s power to regulate the health, safety, and general welfare of the Township by regulating the use of land and structures within zoning districts to ensure that land uses are appropriately sited and compatible with surrounding uses.
- b. The Township seeks to amend its shoreline regulations to promote the health, safety, and welfare of the Township and its natural environment.
- c. The Township seeks to regulate the land, including inherent riparian rights, to protect the health, safety, and welfare of the public and to conserve the natural environment, its resources, and to ensure compatibility with surrounding land uses.
- d. The Township seeks to adopt regulations that allow for safe and effective land use along Grand Traverse Bay that protects and conserves the natural environment, its resources, and is compatible with surrounding land uses.
- e. By nature of the Township’s unique peninsular geography, the Township has a high amount of residential shoreline property, which presents the need to specifically regulate shoreline impacts and development to be consistent with overall planning goals and harmonious uses along the shoreline.

- f. Appropriate regulation of shared shoreline uses is necessary to prevent adverse land use effects such as incompatible and conflicting land uses, depletion of natural resources, nuisance impacts that affect neighboring properties, or other adverse impacts that could negatively impact the public health, safety, and welfare.
- g. Accordingly, the Township has retained consultants to review and to revise the shoreline land use regulations in the above-mentioned zoning districts to meet the needs of the Township.

SECTION 2. AMENDMENT TO ZONING ORDINANCE. The Zoning Ordinance shall be amended to add to Section 3.2 Definitions, the following:

- a. **Clubhouse.** A communal building or space used by a particular group or club that is primarily used for events and meetings.
- b. **Dock.** A seasonal structure extending along shore or out from the Shoreline into a body of water, to which boats may be moored, including an attached Dock Patio or attached Swimming Platform.

- d. **Freestanding Water Equipment.** A seasonal structure used for waterfront purposes that is either (1) moored in the water independently of a Dock, or (2) placed along or attached to the Shoreline but not connected to a Dock. Freestanding Water Equipment includes, but is not limited to, freestanding Swimming Platforms, freestanding Dock Patios, freestanding Boat Hoists, and freestanding Jet Ski Hoists.
- e. **Hoist, Boat.** A mechanical device that is used to moor boats adjacent to or along the Shoreline or lift and move boats in and out of the water.
- f. **Hoist, Jet Ski.** A mechanical device that is used to moor jet skis adjacent to or along the Shoreline or lift and move jet skis in and out of the water. For the purposes of this Ordinance, two (2) Jet Ski Hoists are equal to one (1) Boat Hoist.
- g. **Joint-Use Dock.** A single Dock that serves two (2) adjacent waterfront Lots under separate ownership, where the property owners have agreed to share use of the Dock in lieu of each Lot having its own Dock.
- h. **Shoreline.** The edge of a body of water, where the water and shore meet.

Any approval of a waiver request by the Zoning Administrator from this Section in order to resolve noncompliance with this Section shall only be when there are no conforming arrangements that would reasonably ensure the public health and safety of the parties involved. The Zoning Administrator shall conduct a meeting with the Lot owners, gather any additional requested information, and issue a timely decision in writing either denying the waiver request, granting the waiver request, or granting the waiver request with conditions. Such decisions are subject to a right of appeal to the Zoning Board of Appeals.

All such uses proposed shall be approved in accordance with the provisions of Article VIII of this Ordinance.

SECTION 6.2 R-1A DISTRICTS: RURAL AND HILLSIDE RESIDENTIAL:

Section 6.2.1 Intent and Purpose:

This section establishes the R-1A Rural and Hillside Residential District to set standards for the continued development of: (1) rural areas suited to very low-density residential development; (2) fragile hillside areas; and (3) interface areas between more intensive residential uses and agricultural land uses. This district includes existing low density residential developments as well as areas within which such development appears both likely and desirable.

Section 6.2.2 Uses Permitted by Right:

- (1) Single Family Dwellings:
- (2) Customary Uses and Structures
 - (a) Accessory Buildings: Accessory buildings such as farm buildings and a detached garage for the storage of automobiles shall be permitted with a single-family dwelling; provided, however, that the farm buildings and garage shall comply with the setback restrictions and side yard requirements.
 - (b) Guest Houses: A guest house detached from the dwelling shall not be permitted on the same lot with a single-family dwelling unless the lot has a width twice the normal width, and the guest house is so located as to be qualified as a single-family dwelling in its own right on one-half the width of the lot of the principal dwelling.
 - (c) Boat Hoists and Docks:
 - 1. A maximum of one (1) dock per parcel plus one boat hoist, is permitted per fifty (50) feet of shoreline, measured at the ordinary high water line, provided that a pre-existing lot of

record is allowed at least one dock and one boat hoist.

2. Boat hoists and docks are allowed on properties of insufficient size for a single-family dwelling, provided the lot is a pre-existing lot of record or has a minimum width of fifty (50) feet and also provided that provision is made for a minimum of two (2) parking places off the adjacent road right-of-way. In the event of properties owned by the same party being separated by a thoroughfare, parking may be provided on the inland parcel and need not be in excess of that required for a single-family dwelling.
3. No dock shall be wider than seven (7) feet and no longer than necessary to provide adequate water depth for the boat using the dock or boat hoist.
4. Shared waterfront ownership is allowed pursuant to Section 7.4.2. **(REVISED BY AMENDMENT 109C)**

(d) Decks and Storage: **(REVISED BY AMENDMENT 140)**

1. Intent It is the intent of this section to allow reasonable use of shoreline property by allowing decks with attached seating and enclosed storage to be located in front yard and ordinary high water line setback areas. It is also intended to only allow decks in locations where shoreline vegetation can be retained to protect scenic beauty, control erosion, reduce septic tank effluent and reduce other nutrients from entering the water. It is recognized that there are shoreline areas where decks and/or storage are not appropriate or reasonable because of the limited area between the road right-of-way and the Ordinary High-Water Line. It is also recognized that the levels of the Great Lakes vary over time, and it can be hazardous to build structures where they may be damaged by high water or become a hazard to boats if they are destroyed by wave action.
2. Decks (including attached seating and/or attached storage) shall be allowed within the Ordinary High-Water Line and the Front Yard setbacks in the case of properties located along the Great Lakes shoreline, provided:
 - a. All parts of the deck, attached seating, storage and railing shall be constructed within a building envelope as provided below: (See Figure 6-1)

Section 7.3.4 Any lot existing and of record on the effective date of this original Ordinance

May be used for any permitted use specified for the District in which such lot is located whether or not such lot complies with the lot area and width requirements of this Ordinance, PROVIDED that all other requirements of this Ordinance are complied with, and PROVIDED FURTHER that not more than one (1) dwelling unit shall occupy any lot except in conformance with the required lot area for each dwelling unit.

SECTION 7.4 SUPPLEMENTAL GREAT LAKE SHORELAND REGULATIONS:

Section 7.4.1 Intent and Purpose:

It is the intent and purpose of this Ordinance to protect water quality and land resources related to the Great Lakes Shoreland for the future health, safety and welfare of Township residents.

Section 7.4.2 Shared Waterfront Ownership:

Any waterfront land that is to be used by more than one family shall meet the following requirements:

- (1) Intent: It is the intent of this section to reduce the conflicts that occur between residential single-family use and shared waterfront use, such as a number of families using the beach, making noise, trespassing, temporarily storing boats, boat hoists and other equipment.
- (2) Land Use Permit: Where more than one family has Shared Waterfront Ownership in the waterfront property, a land use permit shall be obtained from the Zoning Administrator. The application for land use permit shall indicate the number of families with access rights, the name and address of a principal family member for each family, the name and address of one person who shall receive the tax bill in the event that all families do not have taxable real property in Peninsula Township and a site plan showing compliance with the minimum requirements of this Section

The Zoning Administrator shall be notified of any change in ownership.

(3) Minimum Lot Widths and Vehicle Parking Space Requirements:

(a)	No. of Families	Minimum
	With Access Rights	Lot Width
	Two Families	100
	Three Families	150
	Four Families	200
	Over Four Families (Five additional feet per family)	

- (b) One parking space for each boat hoist shall be provided off the traveled portion of the road such that all portions of a parked vehicle are at least five (5) feet from the driving lane to provide safe egress from the vehicle.
- (c) Each parking space shall be a minimum of twenty-three (23) feet in length. The parking space does not have to be paved or graveled.
(REVISED BY AMENDMENT 122) REVISED BY AMENDMENT 190)

- (6) No dwelling units or clubhouses are allowed on shared waterfront parcels.
- (7) The area within fifteen (15) feet of side lot lines shall not be used for the permanent or temporary placing or storage of boats, boat hoists and other equipment, nor for locating fire pits or decks flush with the ground.
- (8) A portable toilet is allowed, provided it is not placed within a road right-of-way, and not closer than twenty (20) feet from the water's edge. Also provided that screens shall be between the toilet and the nearest property line, the road and the water. **(REVISED BY AMENDMENT 109B)**

Section 7.4.3 Filling and Grading Within 200 feet of Normal High-Water Mark:

The following rules shall apply to any filling, grading or other earth movement within 200 feet of the normal high-water mark to prevent harmful erosion and related sedimentation:
