

PENINSULA TOWNSHIP

**Resolution of the Township Board of Trustees
to Adopt the Amended Uniform Sewer Use Ordinance
Ordinance No. 46**

At a Regular Meeting of the Township Board of Trustees held August 9, 2011 the Township Board adopts the following resolution:

Whereas, Peninsula Township adopted a Uniform Sewer Use Ordinance in 1994 to establish rules and regulations for use of and discharge into the Township Wastewater Collection System and the Traverse City Regional Wastewater Treatment Plant; and

Whereas, Peninsula Township amended the Uniform Sewer Use Ordinance in 1996 by adopting the 1994 Uniform Sewer Use Ordinance as amended 1996; and

Whereas, the Traverse City Regional Wastewater Treatment Plant recently received approval of a modification to its Industrial Pretreatment Program which is contained in its National Pollutant Discharge Elimination System Permit; and

Whereas, as a condition of the Traverse City Regional Wastewater Treatment Plant approval, Traverse City and the Townships of Acme, East Bay, Elmwood, Garfield, Peninsula, and Blair must amend their Uniform Sewer Use Ordinances to adopt new pollutant limits; and

Whereas, the attached 1994 Uniform Sewer Use Ordinance as amended 2011 amends the pollutant limit requirements as required.

Now therefore be it resolved that the 1994 Uniform Sewer Use Ordinance as amended 2011 is hereby adopted.

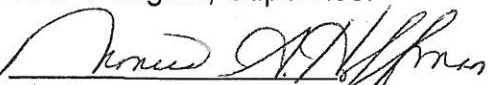

The above Resolution is adopted this 9 day of August, 2011.

Ayes: Weatherholt, Hoffman, Byron, Horton, Rosi, Wilson and Manigold.

Nays: None.

Abstain: None.

Rob Manigold, Supervisor

Monica Hoffman, Clerk
