ORDINANCE NO.23

AN ORDINANCE, enacted in accordance with the Michigan Zoning Enabling Act of 2006, as amended, relating to the acquisition of voluntarily offered interests in Farmland and Open Space Land in Peninsula Township: calling an election by the voters of the Township on _____, to authorize the cash purchase and/or installment purchase contracts under Act 99 of 1933 and for the purpose of providing funds for such acquisition. This ordinance is a separate and unique ordinance and is not the Zoning Ordinance. The principal and interest on such contracts shall be payable out of annual tax levies to be made upon all of the taxable property within the Township in excess of constitutional and statutory limits and from any other money which may become legally available and used for such purposes. . Although the authorization for the Purchase of Development Ordinance is located in the Zoning Enabling Act, there was no legislative intent whatsoever to have the legal review of Purchase of Development Ordinances based on Zoning Law. This Ordinance shall not be construed to enable the transfer of development rights.

BE IT ORDAINED BY THE PENINSULA TOWNSHIP BOARD:

DRAFT

SECTION 1 FINDINGS AND DECLARATION OF PURPOSE

The Township Board finds that:

1. Peninsula Township is a desirable place to live and visit because of its panoramic views of agricultural acreage interspersed with stands of trees, open fields and rolling terrain. The framing of many of these views with the sight of clean, open bay waters creates a spectacularly spacious effect. The views, agriculture and open spaces, woodlands, wetlands and dark night sky are all considered valuable natural and aesthetic resources which should be protected to benefit the public.
2. The climate, significant changes in elevation and proximity to water make this a unique area where certain crops can be grown as well as or better than anywhere else. These resources not only include more than seven thousand acres of land suitable for farming they also include other woodland, wetlands and open lands adjacent to these farmlands. Such lands provide unique, aesthetic and economic benefits to the citizens of the Township and are an important part of the Township's heritage. However, Peninsula Township is experiencing substantial development pressure because of its location adjacent to Traverse City. The same characteristics which have made this area so desirable for fruit production also make it attractive for residential sites.
3. Land suitable for farming is an irreplaceable natural resource with soil and topographic characteristics that have been enhanced by generations of Agricultural Use. When such land is converted to residential or other urban uses which do not require those special characteristics, an important community resource and public benefits are permanently lost to the citizens of Peninsula Township.
4. It is the policy of the State of Michigan and Peninsula Township to protect, preserve and enhance agricultural and open space lands as evidenced by the Peninsula Township Master Plan including open space policies, the Farmland and Open Space Preservation Act of 1974 (P. A. 116), the Historic and Conservation Easement Act and the Township Ordinances regulating land use by zoning and subdivision control. However, these policies and regulations, by themselves, have not been effective in providing long-term protection of farmland, shoreline and open space lands under the pressure of increasing urban development.
5. Of the 17,000 acres of land in Peninsula Township, there are about 12,000 acres in the Agricultural District which provides the basis for the township's active agricultural enterprises. The agricultural industry in Peninsula Township provides the opportunity to harvest locally grown fruit and vegetables for national distribution as well as for sale at roadside stands and at other local and regional outlets.
6. Generally, farmland and open space lands which are close to urban centers have a greater market value for future urban development than their market value for farming or open space, and prime fruit land has the same features of high elevations and proximity to water that are components of desirable residential areas. This fact encourages the speculative purchase of these lands at high prices for future development, regardless of the current zoning of such lands. Farmland which has a market value greater than its agricultural value does not attract sustained agricultural investment and eventually this land is sold by farmers and removed from *Agricultural Uses*.
7. The permanent acquisition by the Township of voluntarily offered interests in farmland and open space lands within the Township, as provided in this Ordinance and as authorized by the Constitution and statutes of the State of Michigan, will permit these lands to remain in farmland and open space in a developing urban area and provide long-term protection for public benefits which are served by farmland and open spaces within the Township.
8. Properties on which the Township has purchased the Development Rights should remain substantially undeveloped in order to promote their "Agricultural Use."

9. The acquisition of interests in farmland and open space lands as provided in this Ordinance is a public purpose of Peninsula Township that will yield public benefits. Financing such acquisitions requires that the Township enter into purchases or installment purchases not to exceed statutory limits.
10. The objective of voluntarily purchasing development rights from land owners in the manner prescribed in this ordinance is consistent with the Peninsula Township Master Plan.

SECTION 2 DEFINITIONS

1. **"Agricultural Use"** means substantially undeveloped land devoted to the production of plants and animals useful to man, including fruits; grapes; nuts; vegetables; green house plants; Christmas trees; forages and sod crops; grains and feed crops; dairy and dairy products; livestock, including breeding and grazing; and other similar uses and activities. Agricultural Use does not include the management and harvesting of a wood lot, except as an incidental or ancillary use.
2. **"Agricultural Rights"** means an interest in and the right to use and possess land for purposes and activities related to open space, horticultural and other Agricultural Uses.
3. **"Appendix"** of this Ordinance means the maps and related materials which describe designated areas of Eligible Lands for purposes of priority of acquisition as provided in this Ordinance. Official large-scale maps describing such areas in detail are hereby filed with the Peninsula Township Clerk and incorporated herein by this reference. Smaller scale maps generally illustrating such areas are provided in the Appendix of this Ordinance for more accessible public reference.
4. **"Conservation Easement"** means a grant, by an instrument, whereby the owner relinquishes the development rights to the public in perpetuity, yet remains in private ownership. A Conservation Easement is a legal and recorded instrument that contains a covenant that runs with the land extinguishing development rights, except as may be expressly reserved in the instrument.
5. **"Development"** means an activity which materially alters or affects the existing conditions or use of any land.
6. **"Development Rights"** means an interest in and the right to use and subdivide land for any and all residential, commercial and industrial purposes and activities which are not incident to agriculture and open space.
7. **"Eligible Land"** means farmland and open space land for which the purchase of a "Conservation Easement" with tax funds are authorized pursuant to this Ordinance. The Agricultural Preserve Area, as depicted in the Appendix provides the basis for Eligible Land.
8. **"Full Ownership"** means fee simple ownership.
9. **"Master Plan"** means a plan adopted by Peninsula Township in accordance with the Michigan Planning Enabling Act of 2008.
10. **"Open Space"** means land that is not developed for residential and commercial purposes. When it is included in a Conservation Easement it remains in private ownership and it is not open to public access except as allowed by the landowner.
11. **"Owner"** means the party or parties having the fee simple interest, a real estate contract vendor's or vendee's interest, or a mortgagor's or mortgagee's interest in land.
12. **"Parcel"** means contiguous property under one ownership that is included in an application.

13. **“Peninsula Township Purchase of Development Rights (PDR) Ordinance”** means Peninsula Township Ordinance No. 23 as adopted May 4, 1994 as subsequently amended. The Purchase of Development Rights Ordinance is a separate ordinance from the Zoning Ordinance, not to have legal review based on Zoning Law.
14. **“Permitted Use”** means any use contained within a Conservation Easement essential to the farming operation or which does not alter the open space character of the land.
15. **“Selection Committee”** means the Committee formed pursuant to Section 6 of this Ordinance to advise the Township Board in the selection of Eligible Lands for purchase.
16. **“Substantially Undeveloped Land”** means land on which there is no more than 1 residential dwelling unit (exclusive of migrant housing units) for each 20 acres of land.
17. **“Township Board”** means the Peninsula Township Board.
18. **“Value of Development Rights”** means the difference between the fair market value of Full Ownership of the land (excluding the buildings thereon) and the fair market value of the *Agricultural Rights* plus any Residential Development Rights to be retained by the owner.
19. **“Zoning Ordinance”** means the Peninsula Township Zoning Ordinance, adopted June 5, 1972 as subsequently amended.

SECTION 3 AUTHORIZATION

1. The Township Board is hereby authorized to expend tax revenues to acquire property interests on Eligible Land as prioritized in Section 5 of this Ordinance. The property interest acquired may be either the Development Rights, or any lesser interest, easement, covenant or other contractual right. Such acquisition may be accomplished by purchase, gift, grant, bequest, devise, covenant or contract but only at a price which is equal to or less than the appraised value determined as provided in this Ordinance. The collected tax revenues shall be used to acquire such property interests only upon application of the Owner and in a strictly voluntary manner.
2. The Township is authorized to enter into cash purchase and/or installment purchase contracts consistent with applicable law. When installment purchases are made, the Township is authorized to pay interest on the declining unpaid principal balance at a legal rate of interest consistent with prevailing market conditions at the time of execution of the installment contract and adjusted for the tax-exempt status of such interest.
3. The Township Board is further authorized to contract with other parties to participate jointly in the acquisition of interests in Eligible Lands.
4. The Township shall contract with a recognized and legally established non-profit land conservancy or other experienced and qualified individual that would share in the process of negotiating easements and establishing both the baseline studies and the procedures for monitoring of any Conservation Easements acquired under this Ordinance. All work shall be done in accordance with the current version of the Land Trust Standards and Practices published by The Land Trust Alliance.
5. Interest which the Township owns in property other than Eligible Lands may be exchanged for property interests in Eligible Lands on an equivalent appraised value basis. If the property interest exchanged is not exactly equal in appraised value, cash payments may be made to provide net equivalent value in the exchange.

6. On an annual basis, the Township Board shall budget funds to contract the monitoring of all Conservation Easements purchased under the authority of this Ordinance or donated under the authority of the Peninsula Township Donation of Development Rights Ordinance, No. 45. Such funds may not originate from a PDR millage and shall be a line item in the Township's general fund.
7. The Township Board is authorized to finance the PDR program using all of the mechanisms described in Section 125.3509 of the Michigan Zoning Enabling Act as amended. This includes borrowing money and issuing bonds or notes.

SECTION 4 RETAINED RESIDENTIAL DEVELOPMENT RIGHTS

1. To promote the "Agricultural Use" of properties on which the Township has purchased the Development Rights, it has been determined that such properties should remain substantially undeveloped.
2. Applications for the sale of development rights may include a provision to retain the right to build residential dwellings (Residential Development Rights), provided, that no retained residential development rights would result in more than one dwelling unit per twenty (20) acres of land (exclusive of approved migrant housing units). This is not to preclude the sale of all the remaining Development Rights on a property that has existing dwelling units in excess of one dwelling unit per twenty acres of land.
3. The building locations for retained Residential Development Rights may be restricted in the negotiated "Conservation Easement" in order to protect Scenic Views identified in the Township Master Plan.
4. When a future home site (or home sites) are being retained within a Conservation Easement, the boundaries of such home site(s) shall be no less than one acre and the boundaries of such home site(s) shall be surveyed by a registered surveyor and proper monumentation shall be placed on the property.

SECTION 5 ELIGIBLE LANDS AND PRIORITY OF ACQUISITION

The tax revenues shall be used to purchase property interests in the following farmland and open space lands in the following order of their priority subject to the provisions of Section 7. Property that is part of an approved Special Use Permit for a Winery Chateau or Remote Winery Tasting Room is not eligible to participate in the Purchase of Development Rights program

Primary criteria that all properties must meet:

All properties must be described in a voluntary application completed by the property owner and must be included in the Agriculture Preservation Area Map (Appendix 2) adopted by the Peninsula Township Planning Commission, as it may from time to time be amended.

Priorities for acquisition of existing reserved development rights.

Up to ten percent of the tax revenues generated for acquisition of development rights may be allocated to acquire retained development rights associated with past agreements and reserved building sites. When reserved development sites are included within a conservation easement, an easement amendment pursuant to Section 8B is required.

The following criteria shall be used in determining the priority by which applications are processed.

Cumulative Points	Criteria
0-100	One point for every one percent of the project costs that will be funded by non-millage dollars from other entities (federal or state grants, neighborhood group, foundation, unrelated private individual, etc.), or will be donated by the landowner (the landowner accepts less than the appraised value).

0 or 25	Acquisition of reserved development site(s) results in a ratio of not more than 1 home site for each 40 acres of land encumbered in an existing PDR easement.
Total	

Priorities for acquisition of development rights on new property

The following criteria shall be used in determining the priority by which applications are processed. The scoring of applications may change during the process as owners make decisions regarding their applications and other factors change (i.e., outside funding).

Cumulative Points	Criteria
0 or 10	Parcel is shown on Prime Scenic View Map adopted by the Peninsula Township Planning Commission (10 points if any part of the subject property is included in an identified Prime Scenic View area depicted in Appendix 1, 0 points if not)
0-100	One point for every one percent of the project costs that will be funded by non-millage dollars from other entities (federal or state grants, neighborhood group, foundation, unrelated private individual, etc.), or will be donated by the landowner (wherein the landowner accepts less than the appraised value).
0 or 5	Parcel that is adjacent to another parcel that is subject to an existing conservation easement. Adjacent parcels include those that are across a public or private right-of-way, or otherwise share a common property line greater than ten feet in length. Five points awarded if adjacent, 0 points if not.
Varies	One point for each whole area (rounded up or down) to be included in proposed conservation easement.
Total	

SECTION 6 SELECTION COMMITTEE

1. A five-member Selection Committee shall be appointed by the Township Board within ninety (90) days following the approval of the Millage by the voters. The Selection Committee shall advise the Township Board in the selection of Eligible Lands on which Development Rights are offered for acquisition by their owners. Selection Committee recommendations for the selection of Eligible Lands shall be made by a majority of its members.
2. The Selection Committee shall consist of residents and/or property owners of the Township chosen to provide equitable representation of geographical and agricultural interests. The Township Board may appoint ex-officio members.
3. The Selection Committee may consult experts as it may desire and the Township Board may appropriate funds for that purpose.
4. Members shall serve three-year terms, except that the initial term of two members shall be two years and terms of three members shall be three years. Members may be removed by the Township Board for good cause as determined by the Township Board. Members shall not be compensated for their services but shall be reimbursed for expenses actually incurred in the performance of their duties. Members may be reappointed to successive terms. The Selection Committee shall be terminated when the proceeds of the Millage vote have been spent.
5. No member shall vote on the selection of individual parcels in which they have an interest, or on individual parcels adjacent to property in which they have an interest.

SECTION 7 SELECTION

Beginning in the first year following the Millage election and continuing until all proceeds of the Millage election have been expended, the Township Board will request that the Selection Committee conduct a voluntary property selection process by creating an application window for a specific period of time (herein called "Selection Round"). The selection process will generally take place as follows:

1. The Township Board shall begin each Selection Round by giving notice in one newspaper of general circulation in Peninsula Township. The notice shall describe the general program eligibility requirements, application and general program procedures.
2. Written applications by owners who desire to have their Development Rights purchased by the Township shall be submitted on forms provided by the Township. Applications must include all information needed to perform a preliminary ranking of the proposal and may require attachments and documentation.
3. Terms and conditions of a proposed sale may be discussed by the entire Selection Committee with Owners prior to the submission of written applications.
4. Upon closing of the applications period, the Selection Committee shall review each application which has been received to determine the eligibility and priority classification of each property interest and to verify ownership by title search.
5. Upon closing of each Selection Round, the Selection Committee shall identify an initial group of projects to move forward with toward Conservation Easement acquisition. The size of groups shall be determined by the Selection Committee. Applications shall be reviewed for program eligibility and validity of information provided. The Selection Committee shall identify highest ranking projects according to the criteria contained in SECTION 5, thereby generating a ranked list of projects from highest to lowest.
6. For those highest-ranking applications, the Selection Committee shall order an appraisal of the applicant's property interest to be made. A "before and after" appraisal shall be made to determine the Value of Development Rights. The appraisal shall determine difference between the fair market value of Full Ownership of the land (excluding buildings thereon) and the fair market value of the Agricultural Rights plus any specifically retained Residential Development Rights. The cost of this initial appraisal will be borne by Peninsula Township.
7. Appraisals shall be in writing and shall be furnished to the respective owners for review. Errors of fact in any appraisal may be called to the attention of the appraiser by the Township or by Owners of the property appraised in writing, but corrections of the appraisal may be made only by the appraiser. If an Owner of property believes it has not been adequately appraised, such Owner may, and within the time allowed on the selection schedule, have a review appraisal made at the Owner's expense, provided it meets criteria and requirements as determined by the Selection Committee. The Selection Committee may use both appraisals to reach an agreement as to the appropriate value of the development rights.
8. All appraisals shall be performed by an individual holding a Certified General Appraiser License from the State of Michigan, Department of Licensing and Regulatory Affairs and shall meet other criteria, requirements and qualifications as determined by the Selection Committee. The selected appraiser shall not have a property interest, personal interest or financial interest in Eligible Lands. The same appraiser shall conduct the before and after appraisals.

9. In each Selection Round, the Development Rights on all Eligible Land shall be eligible for purchase. However, properties of higher priority (in accordance with the ranking system described in SECTION 5) shall be purchased with available funds before properties of lower priority are purchased, provided:
 - (a) In the interest of protecting as much agricultural land as possible, the Township Board may determine to buy only a portion of the development rights on a particular parcel if it is in the best interest of the program.
 - (b) In the event that points are assigned to properties based on a view shed and the whole scenic view is not protected because either some of the properties in the view shed are not offered or an easement that protects the scenic view cannot be successfully retained, then the Selection Committee may remove some or all scenic view points from all parcels that might be obstructed by development on the non-protected parcel.
 - (c) Should other ranking-related conditions change with one or more applications, the Selection Committee may reprioritize and re-score applications accordingly resulting in updated application ranking.
 - (d) In the event that the ranking of applications results in an equal number of points between one or more applications (i.e., a tie), the Selection Committee may determine the higher ranking application(s) with an impartial selection process (i.e., a lottery or similar unbiased process).
 - (e) For properties located within a Prime Scenic View as shown on the Map adopted and as may from time to time be amended by the Peninsula Township Planning Commission as part of the Township Master Plan the Selection Committee shall request the Planning Commission to provide recommended building and/or vegetation restrictions as necessary to protect the scenic view.
10. If a property owner and Selection Committee cannot reach agreement on the acquisition, the application may be withdrawn for subsequent consideration.
11. Upon receiving the recommendations of the Selection Committee, the Township Board may take final action to execute all closings.
12. The Selection Committee may receive and act on appeals of any factual nature by affected property owners, and any appeal may be reviewed by the Township Board.

SECTION 8A DURATION OF ACQUIRED INTERESTS AND RELINQUISHMENT OF ANY INTEREST

Development Rights acquired pursuant to this Ordinance shall be held in trust by the Township for the benefit of its citizens in perpetuity, subject to the following:

The Conservation Easement may be extinguished only by an unexpected change in condition which causes it to be impossible to fulfill the conservation purposes as described in the conservation easement, or by exercise of eminent domain.

- a) Unexpected Change in Conditions. If subsequent circumstances render the purposes of this Conservation Easement impossible to fulfill, then this Conservation Easement may be partially or entirely terminated. The Township Board shall submit to the voters of the Township a proposition to approve the disposition of such interest. If a majority vote approves such proposition, the extinguishment must go through judicial proceedings. The Township will then be entitled to compensation in accordance with the provisions of the Internal Revenue Code Treasury Regulations Section 1.170A-14(g)(6)(ii). Notwithstanding the foregoing, the Owner and Township intend that the

Conservation Easement not be subject to the legal doctrine of “changed conditions” that is applied to traditional servitudes.

- b) Eminent Domain. If the property is taken, in whole or in part, by power of eminent domain, then the Township will be entitled to compensation as determined by the method set forth in Internal Revenue Code Treasury Regulations Section 1.170A-14(g)(6)(ii).

SECTION 8B AMENDMENT OF CONSERVATION EASEMENT

Because of the public trust that is inherently involved with the purchase of development rights and the corresponding intent that all Conservation Easements endure in perpetuity, amendments of Conservation Easements and can only be amended in compliance with strict standards. Procedures for the administration of the amendment process, including all fees, appraisals, and surveys, will be established and adopted by the Township Board within 90 days of the passage of this ordinance. An application for an amendment of a Conservation Easement and any amendment of the terms and conditions of a Conservation Easement shall proceed in accordance with the following provisions:

1. **Application.** Application for amending a recorded Conservation Easement shall be made to the Township Clerk on a form approved by the Township Clerk, along with a non-refundable fee as determined by the Township Board by resolution.
2. **Application Costs.**
 - a. The Township shall not be responsible for any expense incident to the request for amendment.
 - b. All costs associated with the requested amendment, including appraisals, attorney fees and publication fees, shall be paid by the applicant, unless the Township is the applicant.
 - c. Prior to undertaking any direct expenses related to the request, the Township Board shall require a deposit to cover the estimated costs associated with consideration of the request. All unexpended funds shall be returned to the applicant.
3. **Review.** The proposed amendment shall receive legal review for applicable laws, rules and regulations as well as for compliance with current Land Trust Standards and Practices, and amendment principles, published by The Land Trust Alliance.
4. **Public Hearing.** The Township Board shall hold a public hearing prior to consideration of an amendment to a Conservation Easement. The notice shall meet the same time requirements as a notice for a Planning Commission public hearing for a Zoning Ordinance amendment.
5. **Notice.** All property owners within 1,320 feet of the property shall be given written notice of the application for amendment of an existing Conservation Easement. The notice shall include the existing and proposed conditions. It shall also state where the public hearing will be held and where the application can be viewed. The notice shall also include the legal description and the street address of the parcel to allow the public to locate the property.
6. **Standards.** An amendment to a Conservation Easement shall only be granted by the Township Board if the amendment satisfies all of the following principles:
 - a) Principles: the amendment
 - i) Serves the public interest and is consistent with the Conservation Easement program as described in the Findings and Declaration of Purpose in the Ordinance.
 - ii) Complies with all applicable laws, rules and regulations.
 - iii) Does not result in private inurement or confer impermissible private benefit.

- iv) Is consistent with the original easement's intent and conservation purposes.
 - v) Is consistent with the intent of the grantor and any direct funding source.
 - vi) Has a net beneficial or neutral effect on the conservation values protected by the original easement.
- b) Examples. The following list is meant to be examples of actions that may be appropriate outcomes of a proposed amendment.
- i) The amendment decreases the number of future dwelling units.
 - ii) The amendment decreases the probability of parcel fragmentation.
 - iii) The amendment results in a scattering of residences less than prior to the amendment.
 - iv) The amendment decreases the amount of driveway across prime and unique agricultural land necessary to access dwellings.
 - v) The amendment increases the net amount or quality of productive agricultural land as a result of the amendment.
 - vi) The amendment results in no new buildings located in identified scenic views
7. **Appraisal of Changes in Value:** Prior to a final decision on a proposed amendment to a recorded Conservation Easement, the Township shall obtain an appraisal of the property to determine if the value of the retained development rights is increased as a result of the amendment. The appraiser shall be selected in the same manner described in Section 7 (7) above. If the appraisal indicates that the value of the retained development rights is increased as a result of the proposed amendment, the property owner shall pay to the Township Purchase of Development Rights Fund an amount equal to the amount of the increase in the event the amendment is approved.
8. **Publication.** The Township Board shall publish its decision to amend a Conservation Easement in the same manner as an amendment to the Township Zoning Ordinance.
9. **Referendum.** A decision by the Township Board to amend a Conservation Easement shall be subject to a referendum with the same standards and procedures for a referendum on a Zoning Ordinance amendment. A petition for referendum shall stay any action until the decision has been approved by the voters.
10. **Recording.** All approved amendments that are no longer subject to referendum shall be recorded at the Grand Traverse County Register of Deeds Office along with written findings of fact which explain the reasons for the amendment..

SECTION 8C TRANSFER OF DEVELOPMENT RIGHTS

The transfer of development rights onto a property encumbered by a conservation easement held by the Township is not allowed.

SECTION 9 RELATED COSTS

The costs of appraisal, engineering, surveying, planning, financial, legal and other services lawfully incurred incident to the acquisition of interests in Eligible Lands by the Township shall be paid from the proceeds of the Millage, however, the Township shall not be responsible for expenses incurred by the Owner incident to this transaction.

SECTION 10 SUPPLEMENTAL FUNDS

Supplemental or matching funds from other Governmental Agencies or private sources may become available to pay a portion of the cost of acquiring Development Rights, or some lesser interest in Eligible Lands or to supplement or enlarge such acquisition. The Township Board is hereby authorized to utilize such funds to purchase interests in Eligible Lands or to otherwise supplement the proceeds of the Millage in the manner provided by this Ordinance and in accordance with the applicable laws or terms governing such grant.

SECTION 11 TOWNSHIP PURPOSE

The Township Board finds and declares that the use of Township funds for the purpose of paying in whole or in part the cost of acquisition of interests in Eligible Lands as set forth herein, including any costs necessarily incident to such acquisition, and the monitoring and enforcement of conservation easements, or to participation with any party for such purposes will promote the public health, safety, and general welfare of the people of Peninsula Township.

SECTION 12 DEVELOPMENT RIGHTS ACQUISITION FUND

The revenues from the Millage shall be deposited in a Farmland Development Rights Acquisition Fund to be hereafter created in the office of the Treasurer of Peninsula Township (here and after "Acquisition Fund"). Money in such Acquisition Fund may be temporarily deposited in such institutions or invested in such obligations as may be lawful for the investment of Township money.

The revenues from the Millage and any interest received from the deposit or investment of such revenues shall be applied and used solely for the purposes set forth in this Ordinance.

SECTION 13 DEVELOPMENT RIGHTS ENFORCEMENT FUND

The Township Board shall establish and maintain a Development Rights Enforcement Fund (here and after "Enforcement Fund") from the proceeds of the Millage vote in an amount of not less than \$100,000.00 to be used for enforcement expenses, including initial follow-up with the landowner, review and inspection of remedial measures, and legal, engineering, and other professional services. Money in such Enforcement Fund may be temporarily deposited in such institutions or invested in such obligations as may be lawful for the investment of Township money.

The interest received from the deposit or investment of such revenues shall be applied and used solely for the purposes set forth in this Section.

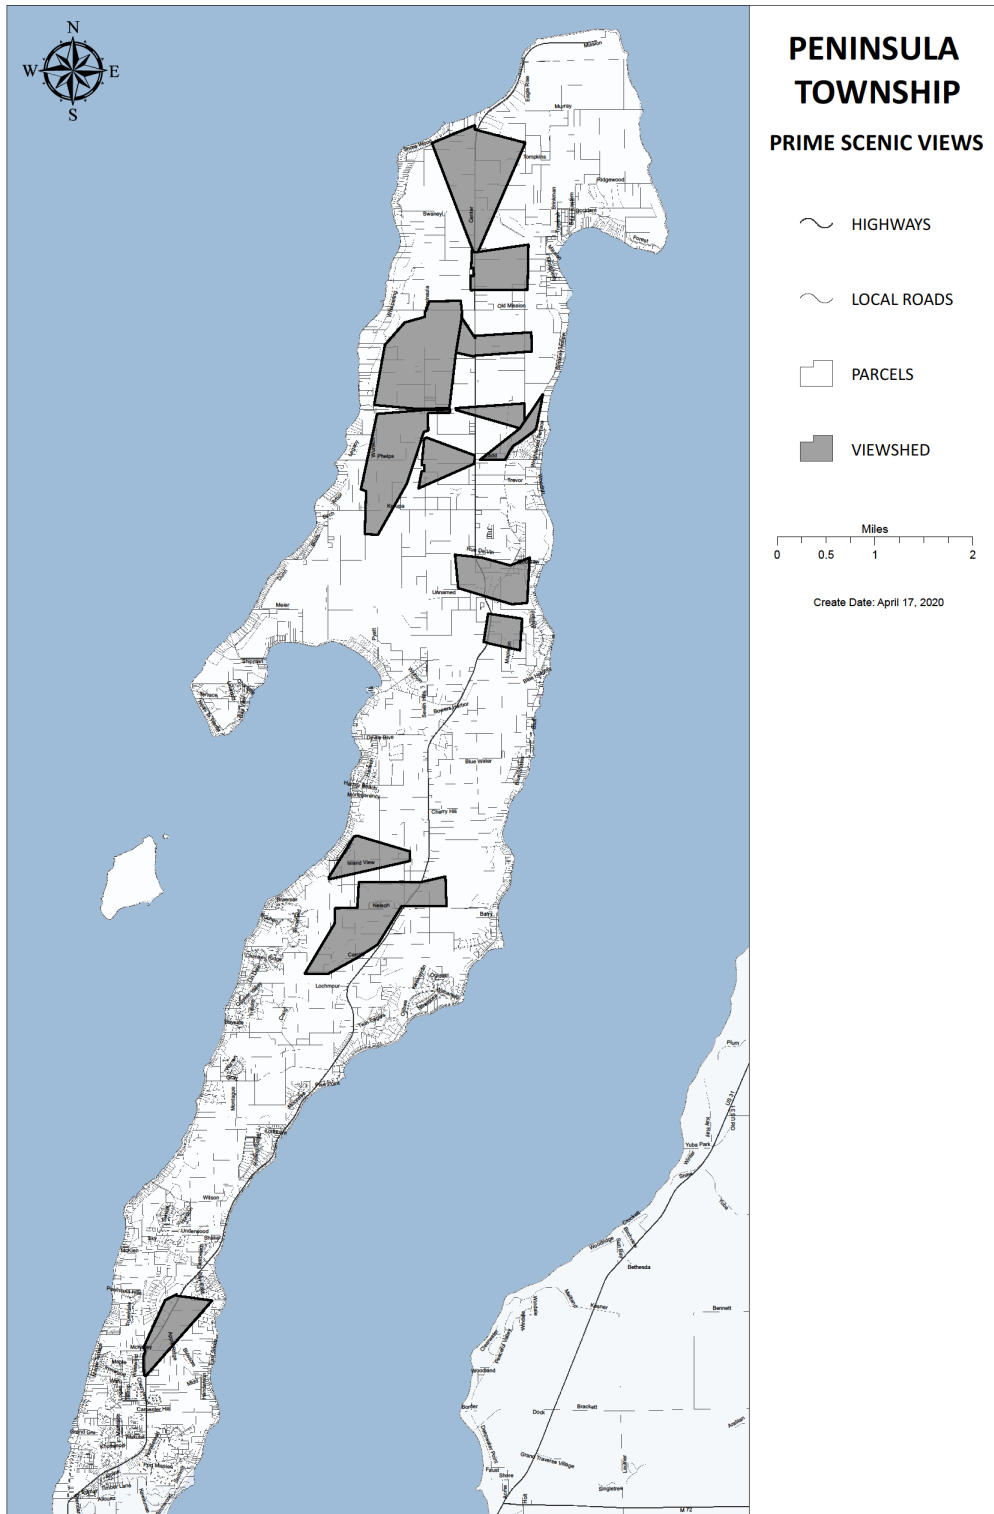

SECTION 14 SEVERABILITY

The provisions of this Ordinance are hereby declared to be severable and if any clause, sentence, word, section or provision is declared void or unenforceable for any reason by any court of competent jurisdiction, it shall not affect any portion of this Ordinance other than said part or portion thereof.
