__45. In 1992 (? – 1994?), voters made Peninsula Township the first in the nation to fund a township-level Purchase of Development Rights program dedicated to preserving the township’s agricultural base and scenic views, by approving a ten-year millage for that purpose. In 2002, voters again approved a Purchase of Development Rights dedicated millage of 2.0 mills for 20 years. Since it first started, over 100 PDR agreements have been secured protecting 7000 acres out of the total 18,000 acres that make up the entire township. The current millage is set to expire in 2022, when the Township will likely ask voters to approve a renewal of the program. If such a proposal were to be placed before the voters in a future election, would you vote Yes in favor of the Purchase of Development Rights millage renewal proposal or would you vote No to oppose it?

[IF UNDECIDED, ASK: “Well, if the election were held today and you had to decide right now, would you lean toward voting Yes in favor of the proposal or No to oppose it?” AND CODE BEST RESPONSE]

- (1) Yes **SKIP Q.46**
- (2) Lean Yes **SKIP Q.46**

__46. What is the main reason why you would vote No to oppose the proposal? **[WRITE COMMENT AS STATED]**

In recent years, Peninsula Township’s Wineries and Winery Chateaus have become increasingly popular destinations to visit. The distinction between the two is that Wineries are generally limited to hosting wine tasting and retail sale of products produced on-site, while Winery Chateaus provide overnight accommodations, guest meals, and certain activities for both overnight and day visitors, along with tastings and retail sales. In both cases, Peninsula Township has set limitations on the type of activities these establishments can host and the number of visitors allowed at any one time. These limitations are stricter than those found in other wine-producing Northwest Michigan jurisdictions.

Based on this information, and whatever else you may know or have experienced concerning wineries and wine chateaus in Peninsula Township, do you Approve or Disapprove of the restrictions Peninsula Township places on each of the following.

[ROTATE Q.47 AND Q.48]

On a related topic . . .

__49. There is increasing interest in using outdoor and rural spaces for events, but Peninsula Township ordinances prohibit the use of privately-owned open spaces, farms, and other rural venues such as barns, to be let out for commercial purpose events – including weddings, dances, and farmers’ markets. Based on what you know, or may have heard or read about this topic, do you think the township prohibition on events at rural venues should remain unchanged or, do you think the township should develop some regulations that would allow commercial events in rural spaces with prior approval?

__51. Bicyclists, runners and pedestrians are regularly seen on roads throughout Peninsula Township, in numbers ranging from one or two isolated individuals, to hundreds of people participating in major events. While some of the township roads have paved shoulders that can accommodate this kind of non-motorized travel, most are designed only for vehicular traffic. Knowing that many nearby jurisdictions have already adopted or, are in the process of developing, formal non-motorized transportation plans to make their communities more pedestrian and bicycle friendly, would you support or oppose Peninsula Township starting a process to develop a non-motorized travel plan? [**IF SUPPORT/OPPOSE ASK: “Would that be Strongly or Somewhat?” AND CODE BEST RESPONSE**]

__63. Unlike short-term rentals, Bed and Breakfast establishments are required to be owner-occupied and are permitted only in certain zoned areas and require approval from both the Planning Commission and the Township Board. To maintain their viability as a commercial enterprise, discussion has been had about expanding the activities of B&B's to include such things as offering more meal options and being the host site for small events. As a general principle, and knowing that much more review would have to take place before any action is taken, do you support or oppose expansion of allowable activities and offerings at Bed and Breakfast establishments in Peninsula Township?
